Azure
Specialist
Migrate Enterprise Applications to Microsoft Azure
Agentic DevOps with Microsoft Azure and GitHub

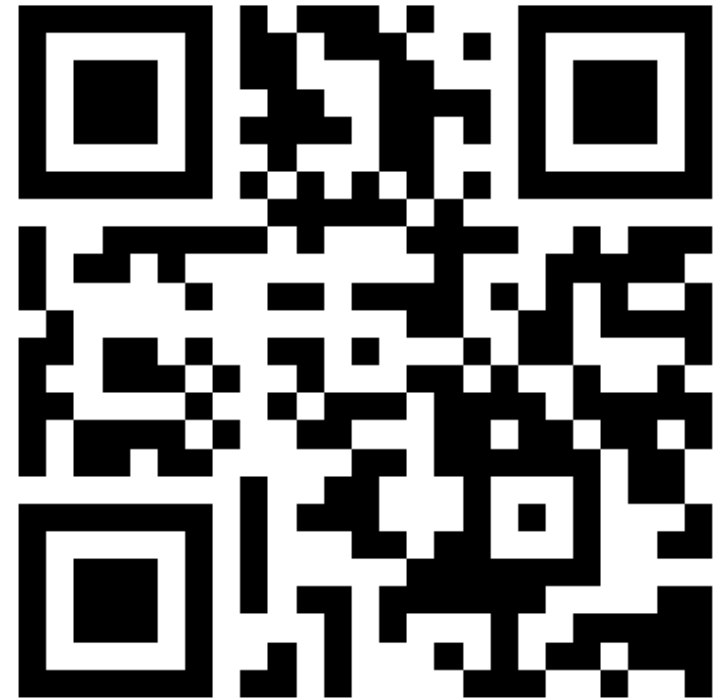

What you will need for this workshop

- GitHub account
- Access to our GitHub workshop repository
- API key from an LLM provider
 - We can provide one if needed.

Create a GitHub Account

- If you do not have one already, create a GitHub Account:

<https://github.com/signup>

Request Access to the GitHub Workshop Team

- We will host dedicated GitHub Codespaces for the duration of the Workshop.
- To access the GitHub workshop team, please fill out this registration form:

<https://forms.office.com/e/ZWrvQu50K3>

(Optional) Get an API-Key via Token Control

- You can request an API-Key via our Token Control Demo
- The API-Access will be valid for the duration of CNS Munich 2026

<https://forms.office.com/e/HTnmyPV8Md>

Check out the Workshop-Repository

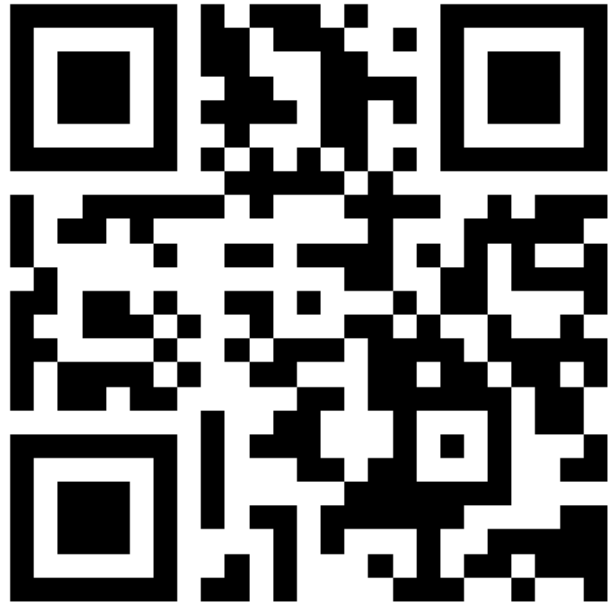

- Hier geht es zum Hands-on Workshop:
